395. (SHAKER MANUSCRIPT HYMNAL). HOPKINS, RALPH B. Manuscript Shaker Hymnal. "Ralph B. Hopkins Book, Presented to his Mother April 19th, 1854." Manuscript, 7" x 4.5". Title leaf, plus 117 pages, neatly accomplished in brown ink, followed by partly numbered blanks. A ruled notebook, ca. 1850, original marbled paper covered boards, unlettered calf spine ruled in gilt. Wear at ends of spine, but fine. . **$5,500.00**

An appealing Shaker hymnal compiled by a single individual within a brief time span. While the name and date of the compiler appears as a title on the first leaf, the community remains unknown. Not in Patterson, *The Shaker Spiritual*. Typical of such works, this is a collection of pieces from several communities, reflecting the fact that music migrated as members moved from one community to another, and that Shaker liturgy was freely shared among communities. The collection consists of about 80 titled hymns and anthems, seven of which are set to music, plus another 14 untitled pieces. Additionally, there are numerous brief prayers, incantations, and sentiments, often in prose, at the foot of pages. The hymns cover a wide range of occasions and moods from dancing and marching to funeral ceremonies. They abound in musical imagery such as loud singing and joyful trumpets. There is even militancy (The Christian Warfare, p. 70, and Volunteer Song, p. 78. As usual several relate to Mother Ann Lee, including Mother Prayer and Mother Ann's Prison Song. A number of hymns are dated and placed, and the composer is occasionally noted, mostly ranging from 1842 to 1850.

2nd See the faithful the first founders
Swiftly passing to that clime
Mother calls them to her mansion
Far beyond this vale of time
O how fast they,re taken from us
Flying to her kind embrace
Soon there will be none among us
Who have seen our Mothers face

2nd.

Mistake
Let us then be faithful Children
Swiftly passing to that clime
Mother calls them to her mansions
Far beyond this vale of time
how fast they're taken from u
Flying to her kind embrace
Soon there will be none among us
Who have seen our Mothers face
Mistake

3rd
Let us then be faithful children
Make the gospel our delight
That their mantle may rest on us
When they're taken from our sight
Let us gain their love and blessing
Be their true and rightful heirs
That in peace they can go saying
Take the labours of our years

4th
Let us keep the gospel holy
Which they're leaving in our trust
And to our successors give it
As our parents have to us
Be s meek so pure and humble
And such charity impart
As our parents have extended
Who received from Mothers heart

5th This to Mother will endear us
And around our Saviors throne
With our parents she,ll caress us
When on earth our work is done
There beyond this vale of sorrow
With the holy pure and clean
We can join the heavenly chorus
Sing the Song of the redeemed

The new Living Order

Come look at the new living Order
And see the foundation of peace
O Zion how lovely thy borders
Which show forth a living increase
Thy subjects are ever employed
In works of both virtue and love
The evil must all be destroyed
To lay up a treasure above

The earth must again be redeemed
From all that encumbers the ground
As prophets in spirit have dreamed
Salvation in Zion is found
New heavens and earth are creating
In which every soul must awake
Long time has the spirit been waiting
That we might all evil forsake

Hymn Composed of the 45 Psalm

1st
The prophets saw in vision clear
By whom Salvation would appear
And david with inspired tongue
Described a happy virgin throng
And one more fair than all the rest
In raiments of the finest dreſsed
Without a wrinkle blot or stain
Is hevens choice for zions Queen

2nd
The bands of death & hell she broke
And all her Earthly kin forsakes
And to the King of Glory brought
In gold of Ophir finely wrought
The virgins who atend the Scene
Are her companions pure and clen
The palace of the glorious King

3rd
The fragrance of this holy place
With cheerfulneſs fills every face
Till shouts of praise & songs of joy
The tongues of thousands Shall employ
And kings and nobles of the Earth
Attracted with this scene of mirth
Confeſs the goodneſs of the Lord
And bow submissive to his word

4th The king whose enimies tho fierce
His arrows sharp their hearts do pierce
Till they no longer can endure
Whereby they sink to rise no more
Hail to the king the prince of peace
He's come to reign in righteousness
Hail to the Queen with notes as sweet
The headship now is made complete

5th
The glorious day has now appeard
The voice of joy and ~~ushered~~ gladneſs heard
The heavenly bride is ushered in
With all the bright angellic train
Sing hallelujah loud and clear
This is the glorious jubal year
The bleſsed work which christ began
Is finished now by Mother Ann

Third verse to the New Living order 3rd page
Now all who have freely forsaken
The ties of old nature so strong
Shall sweep through the tempest unshaken
From satans delusion and wrong
With music and dancing delighted
From sorrow they find their release
Their songs in mount Zion united
Shall sound with eternal increase.

The New City

The prophets related a story
In vission they clearly foretold
How Zion should rise in her glory
The substance we truly behold
The kingdom is in our possession
The promised blessings do flow
We march in a solemn procession
We travel and sing as we go,

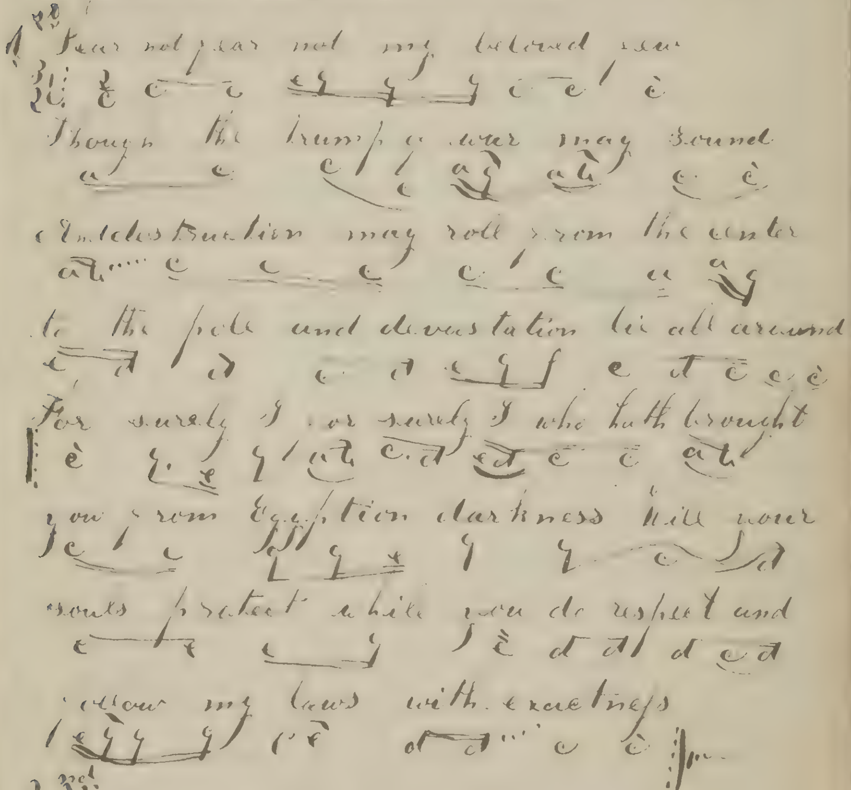
2nd

We love to be singing and dancing
Uniting with Angels above
We love to be swiftly advancing
Towards the deep fountain of love
Tis lovely to shake & be shaken
What cannot be shook will remain
We fall on the rock and are broken
Here's balsam to heal us again,

3rd

My proud haughty nature I'll level
And make me feel simple and low
With this lovely band I will travel
O, see how delightful they go
With this lovely circle so pretty
I'll travel this heavenly road
We're marching towards the new City
Whose builder and maker is God

Voice of the Angel of Mercy



1st
Fear not fear not my beloved seed
Though the trump of war may sound
And destruction may roll from the center
to the pole and devastation lie all around
For surely I for surely I who hath brought
you from Egyptian darkness will your
souls protect while you do respect and
follow my laws with exactness

2nd

I will cause the mountains of Earth descend
And the humble vallies to arise
For the vanities of man as the dust I will fan
For his systems I do despise
And surely I and surely I who established
the earth's foundation will spread over her face
the knowledge of grace And the
kingdom of full salvation

3rd
And ye unto whom I have given my will
And have called my cause to maintain
If ye are not true from my mouth I will spew
And your offerings I will disdain
But surely know but surely know if you are
thus heaven daring In deep regret you shall
mourn till the debt you have paid the
uttermost farthing

4th
Then in mercy be warned O my people to walk
In the strictness of my holy spirit
And thus you shall stand
When afflictions fill the land
And my blessings inherit
Yea surely know yea surely know
Though thousands arise to oppose you
I will conquer the foe turn inward the blow
And my house shall remain unsheathed

The above was sung by an angel of mercy while the Ministry from the City of Peace Ministry, Elders and a company of Brethren and Sisters, of Holy Ground were holding a meeting at the Pleasant Grove, Oct 5th 1850 on Holy Ground The angel said God your Heavenly Father requires his people to walk more uprightly and strictly according to his laws and I have desired to bring you this word in mercy that all may take heed to their doings in season lest they be compelled to receive its judgment

How great is our comfort when filled with zeal
The way is so easy to those who obey
No hardships or bondage appears in the way

Theres nothing to hinder the true hearted soul
Lets walk in the pathway to mansions above
And strengthen each other in purified love

Relinquish the cross & refuse to obey
Their portion is misery and sorrow at best
Their grief will be greater than tongue can express
8th
But those who are subjects of goodness and truth
Will flourish and bloom like the morning of youth
Good angels will guard them & help them along
Then let us rejoice and forever be strong

Hark hear them sounding through the air
Saying bow low bow low for the Lord

The Mirror of Love

1st
To thee O my Savior I earnestly pray
To guide and protect me in thy holy way
And clothe me with meekness and love
May I in the pathway of true holiness walk
Place me on that solid and permanent rock
Which tempests can never remove

2nd
The way of salvation is now open free
Which thousands have waited & longed to see
But never obtained the sight bring
Such comfort and peace to my soul it does
In anthems of praise to my Savior I'll sing
And make this pure way my delight

3rd
Tho storms and thick tempests may gather around
And the persecutions and trials abound
Yet still in my God I will trust
Yea altho ten thousands should fall at my side
In God's holy way will I ever confide
His promise is faithful and just

4th
This path has been trod by our parents above
The trees of life wave round this arbour of love
Where purified spirits do meet
In union with those who are faithful and true
This strait narrow path will I ever pursue
Till I am redeemed complete

5th
When over all evil the conquest I've gained
With my blessed parents I ever shall reign
Where heavenly blessings around
By daily pursuing the strait narrow road
I shall enter into the City of God
And with life eternal be crowned

O give me more love more love and union
Help me to labour for that overcoming
power.

1st. The jubilee,
I will rejoice I will be free
For why should I be bound
In the year of jubilee
Where freedom reigns around
This is the time appointed
And now we truly see
The heavenly anointing
Which caused the jubilee

2nd.
The virgins now are dancing
A happy throng they be
To heaven they're advancing
Sounding the jubilee
Their parents they are praising
In union all agree
To heaven they are rising
Now in the jubilee

3rd.
The jubilee that now is come
Is one eternal day
The woman clothed with the sun
All darkness drives away
Her healing rays are spreading
Her light from sea to sea
The tidings now are spreading
Of Mothers jubilee

All glean with care

1st
Glean your orchards glean your gardens
Glean the glean in every ear
With a prudent careful spirit
Save some for the coming years
For my hand saith the Almighty
I shall wave from pole to pole
Know ye that the time is coming
You'll have need to save the whole
2nd
Yet my judgements these most awful
I withhold by my right hand
That my people may take warning
Tho I send forth no command
Still my hand saith the Almighty
I shall wave from pole to pole
O my Zion do take warning
Be ye prudent save the whole
3rd
To go forth in might and power
Gather fruits and herbage all
Which is given for life's subsistence
Save a share both great and small

I shall wave from pole to pole
Know ye time is rolling onward
When you'll need to save the whole

4th Fill your garners barns and sellars
Let no place be empty found
While I send forth my rich blessings
On your fruits and fertile grounds
For my hand saith the Almighty
I shall wave from pole to pole
Then the faithful will feel needy
Wishing they had saved the whole
5th
Now take warning Zions children
Go & do renew your zeal
Be more prudent careful saving
Or my judgements you shall feel
For my hand saith the Almighty
I shall wave from pole to pole
Then the Earth will yield but scanty
Be ye wise now save the whole
6th
Look ye well to save your pasture
And your mowing fields secure
See that nought of your possessions
Lies exposed to waste that grows
For my hand saith the Almighty
I shall wave from pole to pole
Waste no longer Zions children
Now's the time to save the whole

Ezekiels Vision

1st
The wheels of redemption are turning
Come see what Ezekiel beheld
The flame of the whirlwind is coming
O I see the bright fire is unfold
For out of the midst of the burning
How the living creatures can play
Their [illegible] to [illegible] the wheels are a turning
Who ever beheld such a day

2nd
The wings of sweet union are joined
As round in their circles they move
While the other two wings are combined
Which covers their bodies in love
As lamps with their mouths all blazing
As lightning they dart up & down
While wonder struck worldlings are gazing
Cry what has caused Shaker town

3rd
What wonders the prophets discovered
While viewing the light of their wings
But God has the fulness uncovered
And showed more excellent things
Proud nature in pain is dissolving
While souls in the whirlwind can play
A power in a wheel is revolving
Which rolls the old heavens away

The voice of great waters is pouring
Its heard through the thundering vast
Its like the Almight a roaring
It sounds like the voice of an host
The world are amazed with wonders
At such unaccountable things
Are glad when the children of them
Are ready to let down their wings

Spread sweet odors all around

Notes

Part Second.

To the Living Shepherd.

1st Thou art our Living Shepherd
Thou art our only Head
And in the growing pastures
We will forever feed
We know thy fold is pleasant
And all thy pastures green
With streams of living waters
Which are so pure and clean.

2nd
Thy voice does sound so lovely
O who can ever find
In any other pasture
A Shepherd that's so kind
No strangers shall entice us
Nor turn us from thy fold
For all their roads are crooked
And lead to certain death.

3rd
The wolves are howlin round us
And other beasts of prey
And living us there's danger
And trials in the way
We know that thou art with us
Thy little lambs to keep
From every kind of danger
Thou wilt protect thy sheep.

D

4th While we were lost in darkness
The door we could not find
The leaders tho we followed
Were leaders of the blind
Since thou O! living Shepherd
Hast called us to thy fold
We have received the promise
As thou thyself foretold.

5th

With thankfulness and pleasure
We follow thee along
We mean to have the treasure
Price to the sheep belong
Thou precious goodly Shepherd
Thou art our only Friend
O save us from the evils
That devils do intend.

6th

Since thou in mercy called us
To taste thy blessed fare
Were not afraid to venture
Our lives within thy care
Thou blessed living Shepherd
It is our only choice
To always keep so near thee
That we can hear thy voice.

A Beautiful Garment.

Your Heavenly Mother does love and bleſs
Her children the heirs of immortal rest
With smiles of true pleasure she looks upon them
And views upon each a bright Diadem.

Their spirits are clothed in a beautiful dreſs
Far richer than kings or princeſs poſsed
Already to meet their dear Parents above
Forever to feed on union and love.

The Midnight Watch,

Arise arise my children
And cry the midnight watch
For lo! there is danger
O watch my children watch
And if you meet with sorrow
And tribulation deep
Although like gold your tried
Your holy faith do keep.

The Savior's Universal Prayer.

Our Father who art in Heaven; Hallowed be thy name, Thy kingdom come Thy will be done on earth as it is done in Heaven, Give us this day our daily bread And forgive us our debts as we forgive our debts as we forgive our debtors Leave us not in temptation but deliver us from evil For thine is the kindom & the glory and power forever more, Amen.

1st

And again O Heavenly Father

Bearing judgment from on high
While thy Justice shows thy judgment
Lo! thy mercy cries repent
Help thy children heed the warning
By the Prophet thou hast sent.

2nd

Open eyes that now are blinded
Unstop ears that now are dea

Our Saviours Instruction.

1st

Come Brethren and Sisters lets follow our guide
Our bleſsed redeemer in whom we confide
Who taught us our duty and opend the way
That we might walk in it by night and by day
He taught us each other to love and respect
To dwell in communion in feelings connect
And plainly did show us by washing the feet
Of his true Disciples our duty complete.

2nd

He taught his Disciples as he had then done
To wash and be cleansed and joined in one
That they might be bleſsed with a part in his grace
And purged throughout every whit from disgrace
Then in true obedience to his just command
Here gather together we'll join heart in hand
In washing of feet so that we may be whole
And cleansed from evil in body and soul,

A Prayer.

O Lord we pray in mercy hear
Bleſs our departed Brother dear
O, may his soul be glorified
With those who in the Lord have died.

Mother Anns Prison Song

How can I but love my dear faithful children
Those willing to bear and suffer with me,
When I was on earth and in a stone prison,
I cried to my God to remember poor me.

2nd

I cried to my God to protect my dear children
To strengthen the weak and comfort the strong
For I was on earth and in a cold prison
And none but my God to protect me from harm

The Word of the Lord.

I will sweep, I will sweep, I will sweep,
My Zion, clean, clean, clean, clean.
Then I will pour out my spirit and
my Sons and my daughters shall
prophesy, shout and sing saith the Lord
And the fountain of my blessing shall
overflow Come and drink come and drink
come and drink come and drink come
and drink come and drink Every soul
at the fountain saith the Lord.

The Union of the Saints.

1st

When I behold the Saints of God,
In harmony united
On Zion's land and in order stand
O how I am delighted!
With peace and rest forever blest
In light and love advancing
They move along in union strong
With music and with dancing.

2nd

It fills my soul with life and zeal
To gain that costly treasure
I will arise and win the prize
And take my cross with pleasure
No winds that blow can overthrow
Or ever stop my travel
I feel resigned to leave behind
The world the flesh and Devil,

3rd

So I must go through scenes of woe
And death to my old nature
Before I reach that blessed state
Completely a new creature
Then I'll rejoice and raise my voice
Renounce the flesh forever
For this is all that keeps the soul
From union with the Saviour,

4th
Tho I should pass through storms of blasts
And scenes of tribulation
I'll never fear but persevere
And gain complete salvation
This is the road our Parents trod
Who marked the way before us
The cross endured and life secured
And gained the day victorious,

5th
Then I will be forever free
And keep my just relation
To every mild and humble child
Throughout the new creation
I love the strait and narrow way
The way of self-denial
I love the cross that turns the dross
I mean to stand the trial

6th
I love the holy gospel truth
That in our day is given
For now I see the narrow way
That leads the soul to Heaven
Thanks for the same to Fathers name
Thanks for our blessed Mother
The union now doth freely flow
To Sister and to Brother,

A Fervent Petition

And let thy rich blessings eternally flow
That I in the fruits of the gospel may grow,

2nd

Fill me with that fire which burns up old nature
That I may adore my God and Creator,
Let this blessed fire enliven my spirit
That I may the gospels pure treasure inherit
Let me stand unshaken when trials I feel,
Lord give me a lively and heavenly zeal
To press for the mark for that beautiful prize
That unspoted crown that's laid up for the wise,

And here the victory is won.

3rd

For sufferings they have passed through.

Mother's Hope.

I hope you will all be [illegible]
And labour to be wise
And treasure up the gifts of God
And gain the heavenly prize
You have much tribulation
And trials to pass through
But do hope in the heavens
And God will strengthen you

The Christian Warfare.

1st

Ill bear my cross I will be free
Ill war and fight for liberty
This is my captains high command
So like a soldier I will stand
Through many a battle I have fought
Where rageing foes my ruin sought
Ill draw my sword and fight again
Till every enemy is slain,

2nd

We now are marching to the field
Determined never more to yield
Till every enemy is slain
And we with Christ our Saviour reign
Come Brethren come come Sisters come
We joyfully are marching home
So let the music loudly play

Funeral Hymn

1st

How fleeting and transient the pleasures of time
How short upon earth is our stay
Our life like a vapour appears for a while
Then vanishes quickly away
Our days upon earth appear scarcely begun
Nor can we their benefits know
Before were arrested by death's chilling hand
And close our connections below,

2nd

We all must soon leave the enjoyments of time
Which doth our attention engage
Death passes alike upon every one
From childhood and youth to old age those
But this solemn change brings no terror to
Whose souls are redeemed from all sin
A garment of holiness pure and divine
In Mansions of glory they'll win,

3rd

Their souls were helped through all their sorrowing cont;
And finished their labors below,
The Angels of glory will welcome them home
Where pleasures eternaly flow
No fear can beset the pure hearts of the just
When they from the earth are released
But calmly they leave their cold bodies of dust
And meet their redeemer in peace,

4th

Their work is completed their race is now run,
And with life eternal they're blest
They go to receive their rich treasures above
In heavenly comfort and rest
The sting that death brings is now taken away
The grave has no victory to boast,
They know all the pleasures they're leaving behind
Are nothing but sorrow at most,

5th

Let us so improve all our time here below
Forsaking all joys that are vain,
That we may when called to depart from this world
A crown of salvation obtain
O may we be ready to meet this great change
That we may in happiness dwell
And bid all the glories of this fleeting world
A long and eternal farewell,

I am happy to see my gospel friends
To set their love and ~~blessing~~ union
To share the blessings Heaven doth send,
To comfort Mother's Children,

1st
Brethren and Sisters one and all
The time will shortly come
When we must hear the solemn call
To go to our long home,

2nd
Then let us all with patience strive
In goodness to increase
That when the solemn time arrives
We may depart in peace,

3rd
Through many trying scenes we've past
But let us never fear
These trying scenes will have an end
So say our Parents dear,

4th
Be faithful then a few days more
And you will be released
And safely reach that blessed shore
Where comforts never cease,

O be willing And be reconciled, Child
Our Saviour is calling Home his dear
The Angels are inviting Our Mother says come
The Angels of glory do welcome him home.

A Hymn composed on the death of Dea. Nathan Tiffany Feb. 12th 1840.

1st

Our most beloved Brother dear
Has quit this mortal clay
His work at last is finished here
He can no longer stay.

2nd

His spirit truly was resigned
To go to his long home
A happy mansion there to find
Far brighter than the sun,

3rd

He bore a faithful cross while here
And when his work was done
His guardian spirits did appear
To bear his spirit home,

4th

And shining hovered round
His spirit to revive
And gave to him a glorious crown
Of everlasting life.

5th

And now our Blessed Mother says
My child your welcome home
This crown of endless joy and peace
In faith you've justly won,

6th

Farewell kind friend in Heaven we trust
There is an open door
Farewell till in that Heaven of rest
We meet to part no more,

1st

Oer the billows of time I will walk with you
I will guide you over the sea of danger as your guide
And through the night of darkness I will be
O my beloved Children says Mother, forth
And my hand of rich blessing I will stretch
Over the honest hearted the meek and the low
The upright and pure shall share
Of My love love says Mother.

A Prayer,

1st

Help me to sense O Lord I pray
The day in which I live O strengthen
me from day to day Thy love and
thy blessing give O grant the saving
power in that soul trying hour and
establish my feet on that rock
That when tempests round me roll
Safe in Mothers heavenful fold I may
dwell with thy littel flock,

Happy Change.

1st

How happy that Immortal mind
Who rests beneath Jehovahs wings
Its sweet employment there can find
Without the help of earthly things.

2nd

The world around may rage and fight
And lay in dust their highest thrones
But nothing can that soul affright
Who lives to God and him alone,

3rd

When such shall lay their bodies by
And from their manual labours cease
They'll find a band of Angels nigh
To guard them safe to realms of peace.

4th

They'll wing their way to mansions fair
Where Christ their Lord in glory reigns.
Meet hosts of shining spirits there
Beyond the reach of mortal pain,

5th

O may I know and prize my day
My span of time how swift it rolls
I soon must quit this mortal clay
And then explore the Land of souls,

The Manifestation of God

1st The blessed way is manifested
To a little chosen few
Who are seeking for salvation
We have bid this world adieu
In tribulation they have groaned,
Washed their robes and made them white

O come let us be marching why should we delay!
Our time is to precious to squander
Never stop to cull flowers that are by the way

And thus were exposed to tempests and storms
With no solid good to content us,

2nd

The way is plain will not look back
We dont regard the weather
We'll move along will not look back,
We all will go together
And should afflictions ever call
We will be true to bear it
If and blessing comes at all
Then we are sure to share it,

And, witneſs to my word

Of Zion for tis time
To break the bands asunder
And like the Angels shine
To purge out every Idol
That souls may overcome
Likewise to find the bridle
And rule the monster tongue,

2
The word of God is holy
And like a blazing torch
Twill search the camps of Israel
And every sinner scorch
The word of God like thunder
Shall roar through Zion's plains
Till all who doubt and wonder
Shall sink beneath the flames,

Der be lons Prayer,

O my God my Heavenly Father do hear my humble cry! O bear my spirit through all trying scenes of tribulation untill my work on earth is done,

And honor his name with the song.

The Golden Chain.

1st Here, we [illegible] with wise watchman
Who guard their little flocks
And we may dwell in safety
Upon the living rock,
In kindness love and wisdom
With anxious toil and and pain
Our Mother has provided
A precious Golden Chain.

The blessed gifts and orders
Which God to us has given
To keep us in our duty
And make us fit for Heaven
And which by faithful keeping
The man of sin is slain
These form the links and substance
Of Mothers Golden Chain

Which we so often view
This pure and spotless pattern
Forever will remain
A wall of sure protection
Around the Golden Chain,

And Satan tries in vain
To throw his darts of evil
Within this Golden Chain.

May we be always guarded
And never give offence
May truth and love and union
Prevail thro' every sense
By zeal and perseverence
The precious prize we gain
United in the Gospel
By this pure Golden Chain,

6th

Hard feelings cannot enter
Nor grudges find a place
But kind and loving feelings
Here beautify the face

And pray that all may gain
An everlasting substance
In this bright Golden Chain,

Forever to maintain
Our union and relation
To this pure Golden Chain.

Living Faith

1st However trying is our day
We will still go on, and say
Though tribulation is our way
We are not affrighted
We are Pilgrims here on earth
Children of the second birth
Though were strangers here on earth
We are fellow travellers,

2nd
However stormy is the road
It is the road that leads to God
Then let us still press through the croud
And never be affrighted
Tho we were strangers here on earth
Infants of the second birth
We are known by precious faith.
Known by fellow Travelers,

3d

How many thousands too are called
Standing now on Zions walls
O come my children one and all
Stand the fiery trial
Father owns your living faith
Hear ye too what Mother saith
O my Children keep the faith
Be ye fellow travellers,

4th

Then let us all arise and go
And leave the trash of time below
Untill the gates we're passed thro,
To endless life and glory
Come on Brethren keep the way
Come on Sisters daily say
Come on all who will obey
Come on fellow travellers,

O come good Angels O make me spiritual
minded That I can feel the gifts of God
For I do hunger after righteousness
O fill my soul O fill my soul with
good things,

The Mote And Beam.

1st

Since meredian light commences
Perfect love revealed to some
If there still should be offences
Woe to him by whom they come
Judge not that ye be not judged
Was the councel Christ did give
And the measures we have given
Just the same we must receive,

2nd

Jesus says be meek and lowly
But tis high to be a judge
If I would be pure and holy
I must love without a grudge
It requires a constant labour
All those precepts to obey
If I truly love my neighbour
I am in the narrow way.

3rd

If I say unto my Brother
In thine eye there is a mote
If you are a Child of Mother
Hold and let me pull It out
Then how can I get fairly
If my sight is very dim
So that when I search more clearly
In my eye there is a Beam.

4th

If I love my Brother dearly
And his mote I would erase
Then my light must shine more clearly
For the eyes a tender place
Others I have oft reproved
For a little dirty mote
Now I wish this beam removed:
O that tears might wash it out!

5th

Charity and love are healing
This will give a clearer sight
When I say my Brothers feelings
I was not exactly right
Now I take no further trouble
Mothers love is all my theme
Little motes are but a bubble
When I think upon a beam,

A Prayer,

still be
O thou eternal Father wilt thou me guide
In prayer wilt thou still hear me And make me
As I have bowed before thee Thy power I daily need
O grant me strength & wisdom That I may on
my way proceed

The Foundation of Peace.

1st Upon the foundation of Zion I'll stand
Which God has erected in this founded land
The true Gospel treasures are here kept in view
Consisting of virtues eternal and pure
I'm thankful to God for this new living way
The manifestation of Mother's bright day
No veil left to cover the Gospel is plain
By which we're made able salvation to gain

2nd

O why should I linger or halt in this way
Or foolishly trifle my moments away
I can but with sorrow bewail and lament
To think of my moments already misspent
Yet now the kind mercies of Heaven are free
Most amply I feel them extended to me
The sweet consolation & Motherly care
Is that which constrains me to break forth in prayer

3rd

O Father and Mother make me a good child
More humble obedient more simple and mild
More tender of feeling more able to pray
And every that order of God to obey
O bless me with union pure union and love
That I may in heavenly virtues improve
So shall I remain in thy dwelling secure
When I shall desire to wander no more

Christ the Faithful Shepherd.

1st

I am your faithful Shepherd
I've watched for your increase
And in the hours of danger
I've walled you round with peace
I have prepared a mansion
For you my little flock
And placed you all in order
Upon the solid rock

2nd

Where you may be protected
If you will faithful prove
And join the host of Heaven
And grow in joy and love
In robes of love and beauty
You may forever shine
Cemented in one union
And in one band combine.

3rd

But O my Sheep be faithful
Be prayerful O! be wise
For 'tis the truly valiant
That will obtain the prize
The weak and the faint hearted
Thats always hanging back
Remember they're in danger
[illegible] They'll surely loose their track,

4th
But those who do endure
And do not flinch at all
Till they are wholly cleansed
And redeemed from the fall
The holy praise of Mother
They shall forever sing
They swell their voice with praise
Forever to their King.

Volunteer Song.

1st
I will be free no slave I'll be
I'll war and fight for liberty
Enlisted here a volunteer
On battle ground I'll never fear
Though darkening clouds around me break
And Death's grim shrouds around me shake
My Fathers weapons I will wield
They always prove his Child a Shield

2nd
In the kingdom to obtain a seat
With foes we must expect to meet
So freely I have waged war
Against the foe I so abhor
So sharp and watchful I will be
On either side he shall not flee
So resolutely I'll begin
Nor cease till victory I gain,

Boundleſs Grace.

1st

What solemn feelings rise
And flow thro' every sense!
Who can behold without suprise
The passing great event
Is this the glorious day
Which God has ushered in
Is this the great and last display
To make an end of sin.

2nd

Is this the favoured place
On God's extensive earth,
Selected by his boundleſs grace
To find the heavenly birth
Are we the chosen few
Who have been gathered in
While countleſs millions never knew
The road that leads from sin.

3rd

Here we are truly bleſsed
With bleſsings many fold
And many treasures here poſseſsed
More precious are than gold!
We're bleſst in many ways
We're blest in many things.
And we enjoy more happier days | Than kings Lords and princeſs

4th

We have a heavenly bread
Were fed with Angels food
We've all that we could ask or need
To make us ~~all~~ truly good
Why then should we delay
Or any slackness feel?
Why not press forward on our way
With all our life and zeal

5th

Let us renew those bonds
Which bind us to obey
Our gospel orders & commands
And keep us in the way
If we are not secured
By Mothers Golden Chain
We are exposed to be allured
And drawn to sin again

6th

But if we still pursue
This way so bright and pure
And persevere till we get through
And Heavens bliss secure
Then we shall see and know
What now by faith we view
Where living waters always flow
And joys forever new.

Love Divine;

1st

O come sweet love thou balm of Heaven
Thou source of joy and rest
While light and life to me are given
Come reign within my breast.
Thou spring from whence all comfort flows
A balm imparts for all my woes
At morn at noon or shades of night
Be thou my joy my souls delight.

2nd

Tho friends should fail or foes oppress
And earthly comforts end
Tho gloomy cares disturb my rest
Be thou my constant friend
Inspire me still to persevere
Though floods of sorrow grief or care
Support my soul in every state
Through all the changing scenes of fate.

3rd

Though briter scenes their time put forth
Like Paradise in bloom
Tho' joys of earth or charms of life
Should waft their sweet perfume
On love divine I still depend
Till lifes short Pilgrimage shall end
For soon this transient vision fades
As light departs midst evening shades.

97

Thankfulness To God

My heart and my tongue in praises belong
To God for his blessings bestowed
My soul and my body to him I'll resign
To gain an eternal abode, (rest
In that glorious mansions of union and
Where Angels eternally sing
Where praises & shouting shall never more
Where Anthems of glory shall ring. [cease

2nd

To gain this bright treasure my cross I will bear
And patiently suffer below
That I in the Heavens of glory may share
There blessings eternally flow
I never will murmur tho' trials I feel
Tho' sinners my calling despise
Nay but I'll be faithful & labour with
To gain this bright glorious prise [zeal.

Sweet Conviction.

1st Come sweet conviction reign in me
Spare not thy chastening rod
Forsake me not lest I forget
The precious way of God
Conviction is the Fathers gift
To mortals here below
Showes them the wretched state they're in
Exposed. to endless woe.

2nd
Confessing is a glorious work
It makes the Angels shine
To see a soul on fire with truth
Exposing every sin
This is the precious gift of God
It stains all human pride
It drives the Devil from the soul
Leaves him no place to hide.

3rd
Forsaking is the richest gift
It is the power of God
It turns the sinner short about
Into the heavenly road
This is the resurrection power
That God has freely given
It frees the soul from every lust
And leads it on to Heaven.

4th

O sacred truth come dwell with me
And make me strong to fight
The Devil and his wicked host
In darkest hours of night
Help me to cleanse my vessel clean
From all Impurity
That I may stand before thy throne
From all pollution free.

5th

O thankfulness come fill my soul
That I may truly hate
The filthy state of fallen man
And all his deeds forsake
Help me to hate my nature base
Which God will never own
Nor can it be conformed at all
To his beloved Son.

6th

O help my soul Almighty God
Through Christ the blessed Son
That I may humbly repent
Of every sin or wrong
Help me to find new life & zeal
And in obedience shine
And all the praise & glory shall
Forever more be thine.

Let all who have faithfully righted their wrongs
And brought their dark deeds to the light

But such as in righteousness only are found
May break forth in songs that are new.

The Lord is creating and forming anew
We'll sing of his wonderful ways;

The True Seed.

1st

How easy the chord that unites us in one
How lovely this oneness of mind
For our precious treasure tho' jointly we run
This unity Christ has enjoined
Our heavenly parents bring but one theme
One kingdom we strive to obtain
One seed [illegible] been planted & when fully grown
There will be no break in the chain.

Tho' deep tribulation to feel
It leads to the valley that's humble & low
Remote from a high minded zeal.

For down in this valley our Saviour is found
Christ walks in this humble retreat
Tho' sorrow & suffering may often abound
Here grows the true genuine wheat
We find here that fountain whose waters are pure
The soil is not barren nor dry
Here flows that repentance which makes the soul pure
[illegible] and unknown to [illegible] I.

4th v.

In humiliation comfort and peace
Unfelt by the great and the high
A sweet consolation that finds an increase
Because the true comforter's nigh

Let nothing our spirits divide ground
But patiently travel [illegible] through the low
To reign with the Bridegroom and Bride.

O what a rich blessing my soul is possessing
More precious than gold is heavenly way
The pure gospel treasure my soul seeks with pleasure

The light of God I plainly see
Is to live in endless glory,

Ode To Zion.

O Zion arise like a beautiful morning
And let thy fair brightness extend far
For all must confess it on Earth & in heaven fathered
That thou hast descended from none else but God
Though many may raise remonstrances against
Thy holy foundation forever shall stand
Unsullied by slander reproach or by envy
Upon this fair soil of America's land.

2nd

Here liberty reign's as the standard of union
And all are invited to gather arround
And share in the blessings prepared by heaven
For no other cood like to it can be found
All kindreds all color's all nations & tribes
No order or sect are rejected at all
But all who are willing to give up their Idols
Upon this fair Zion of God they may walk.

3rd

(orphan
Here's a home for the widdow & fatherless
A place where the wayfaring man can abide
But all who would enter this beautiful City
Their carnal affections they must lay aside
The ties of old nature must all be dissolved
By those who would walk in the straight narrow way
For no carnal creature who lives in polution
Can ever abide in the Zion of God.

Then come out Believers and be separated
From all thats offensive to this holy cause,
And follow Christ's footsteps live his example
Regardless of all other precepts and laws.
Though ye may meet trials temptations and conflicts
And sore tribulation upon you may fall
Yet Zion shall prosper & her faithful children
Shall come off victorious over it all.

I'm marching on to my happy home
And I leave this world behind me
On that bright shore I shall weep no more
And sorrows cannot find me
The way I go is a narrow way
And it leads to mansions holy
It is a shining way as clear as day
And it leads to endless glory.

While I journey here below
Lord be thou my heavenly friend
Let the streams of mercy flow
And support me to the end
O ye shining host of Angels
Let your music sweetly roll
Till I reach the new Jerusalem
And walk the street of gold.

Our trials here will soon be o'er
The wheels of time so swiftly play
It soon will land us on that shore
Where every tear is wiped away
All Earthly joys we'll leave behind

With Angels spirits there to dwell

3rd

Though darkening clouds are gathering round
And deathly features now appear
The valliant soul on Zion's ground
The gathering storms will never fear
For such shall rise on Angels wings
When time's shall roll and roll away
And Earthly joys and Earthly things
Are sunk in silence and decay.

(Chorus,

Come lively Virgins gather round
In Zion is a fountain found
Where living waters flow around
Here grows each spotless flower
May we like precious stones be tried
And be completely purified
Excepted by the Lamb and bride
And dwell in Zion's bowers.

While on times troubled sea you sail
Fear not my beloved va linsila more
For I'll guide your bark with a pleasant gale
And land you on fair Canaan's shore
There there you shall join in pleasant
With those who've gone before, devotion
And the sorrows of earth
Shall reach you no more.

Let nothing hinder me
For I will follow Mother
In the low low low low low
Humble valley
There she will feed me upon the rose
And the lily & give me to drink
Of the pure streams that do flow
in the valley.

O Zion that shelter'n City
Blooms forth eternal beauty
See her walls of glorious purity
Diadem of all the Earth
O Zion's bright sons and daughters
Dwelling in her beauteous borders
Love most free like boundless waters
Will convey in songs of mirth.

Mother's gospel I have heard
O how I love it
There's nothing here upon this Earth
That I do prize above it
It is the pearl of richest price
A glorious heavenly treasure
For which I freely sacrifice
All my carnal pleasure.

O this is leaving all below
O ye meek and lowly
Traveling from this vale of woe
To the realms of glory
Heaven is a world of love
Light and life and pleasure
Lowly Children onward move
Gain a precious treasure.
